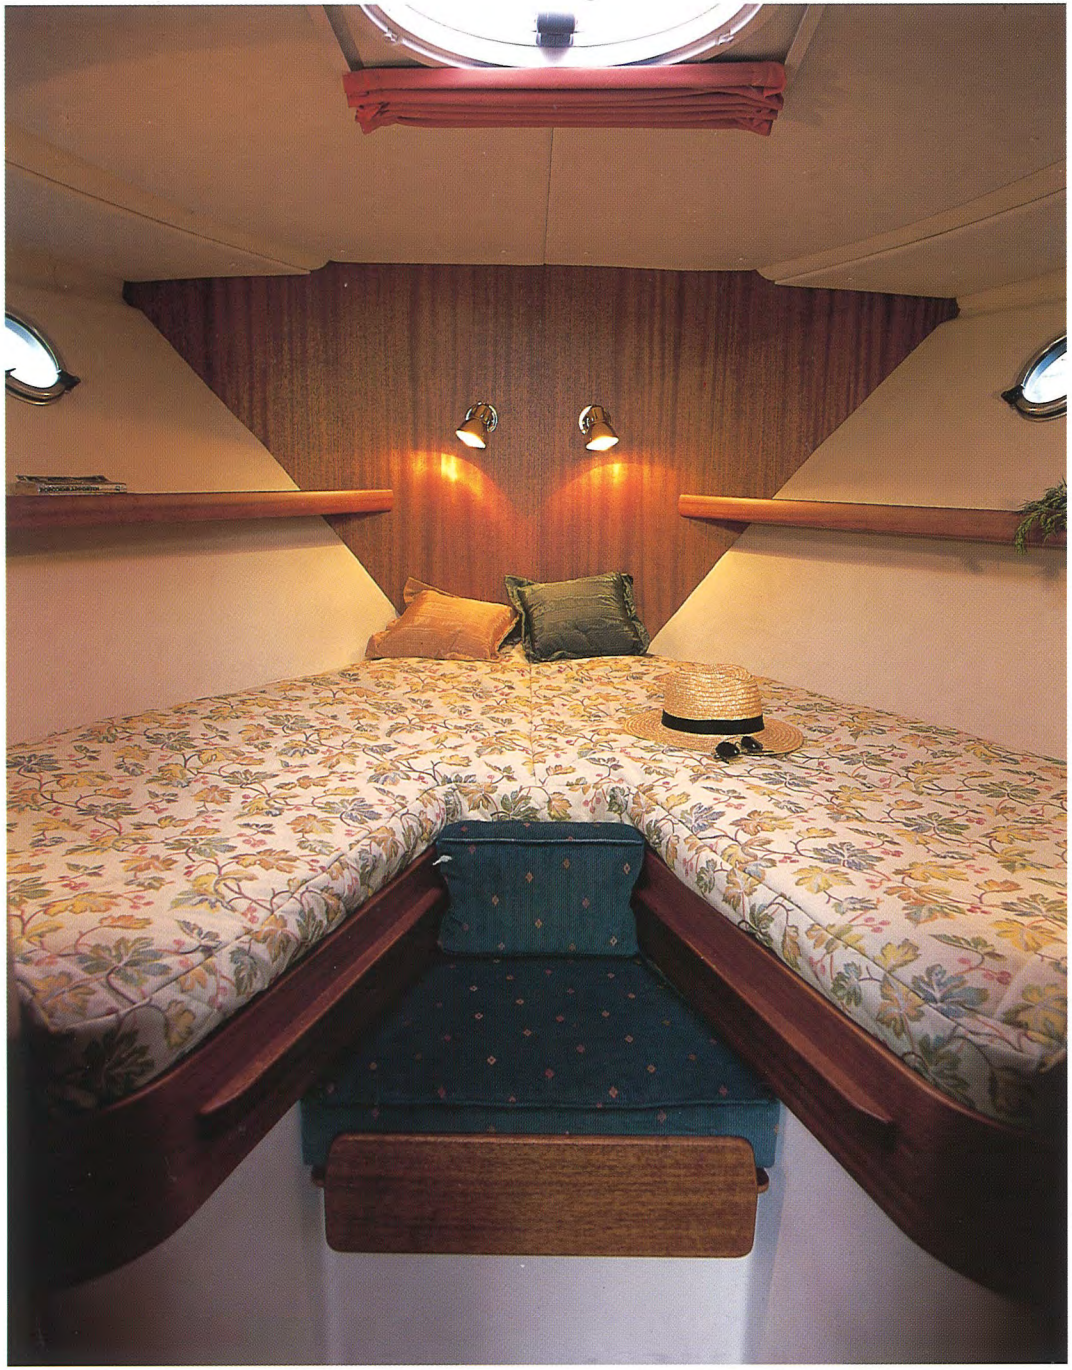
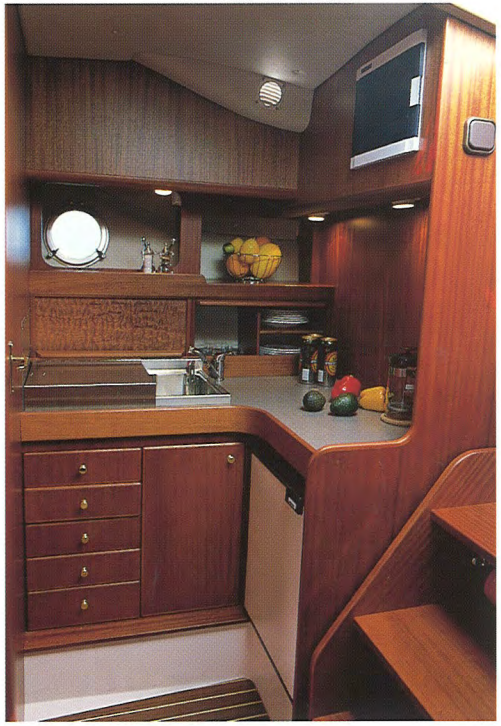
STOREBRO *J32 / S32*

New!





THE STOREBRO J32 / S32. A boat which takes its inspiration from our classic wooden boats. It combines the best of the traditional cabin cruiser with all the advantages of the modern daycruiser. A weekender with an elegant exterior and an exclusive interior. Generously equipped, and with a fit-out which bears Storebro's unmistakable hallmarks – velvet-smooth woods and beautiful fabrics.

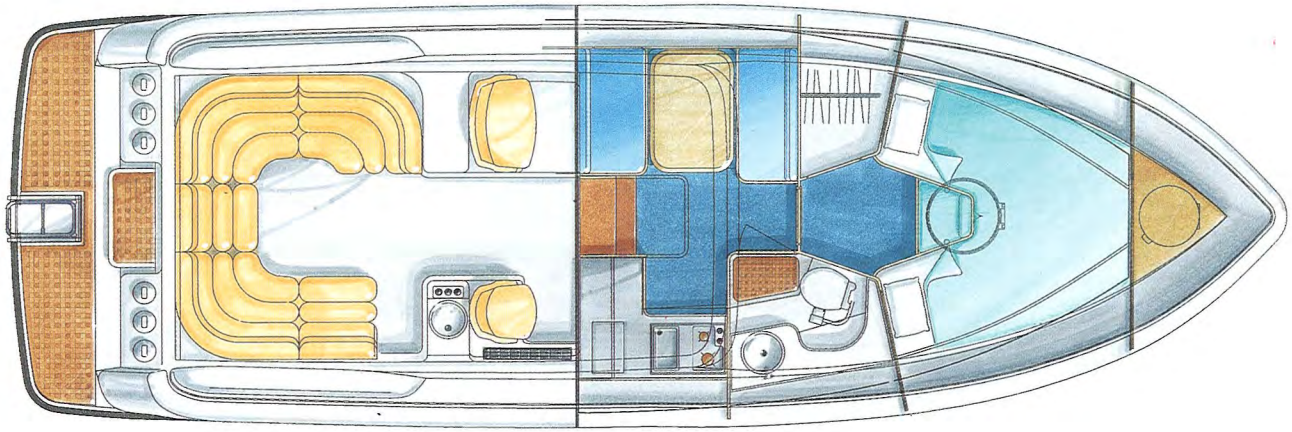
Her heritage is not only shown in the boat's beautiful flowing lines. Details such as the round portlights on the topsides, and the chrome-plated cast-bronze bollards reflect the same nostalgic spirit.

The new STOREBRO J32 / S32 is designed for active cruising and for comfortable entertaining on board. The large afterdeck is the natural focal point of the boat, with ample and comfortable seating. The cockpit-cover offers full standing headroom. It folds away in a few simple operations, and is concealed in the stern, and on the upper edge of the windscreen. Incorporated into the stern, there is also a proper bathing platform and integrated fender-stowage.

The STOREBRO J32 / S32 has a number of different options for woods and fabrics. There is also a choice of hull-colours. The boat is offered with alternative engines and drives, including a ***water-jet version***, which offers low vibration and shallow draft. (*The J in J32 designates water jet – the stern-drive variant is designated S32*). The boat is also designed to generate minimum wash, and to give steady, quiet progress with the smallest possible effect on the environment.

The STOREBRO J32 / S32 is an exciting blend of nostalgia and tradition, with new technology and new materials.

A new approach to life afloat.



STOREBRO J32 / S32

L.o.a.	10.13 m
Beam	3.40 m
