

STOREBRÖ RC 430 *Biscay*

New!

Artist's impression

THE STOREBRO RC 430 BISCAY – a new model in the over 40-foot class. A boat built for people who want ample space on board, and who demand the highest possible standards in design, safety and comfort.

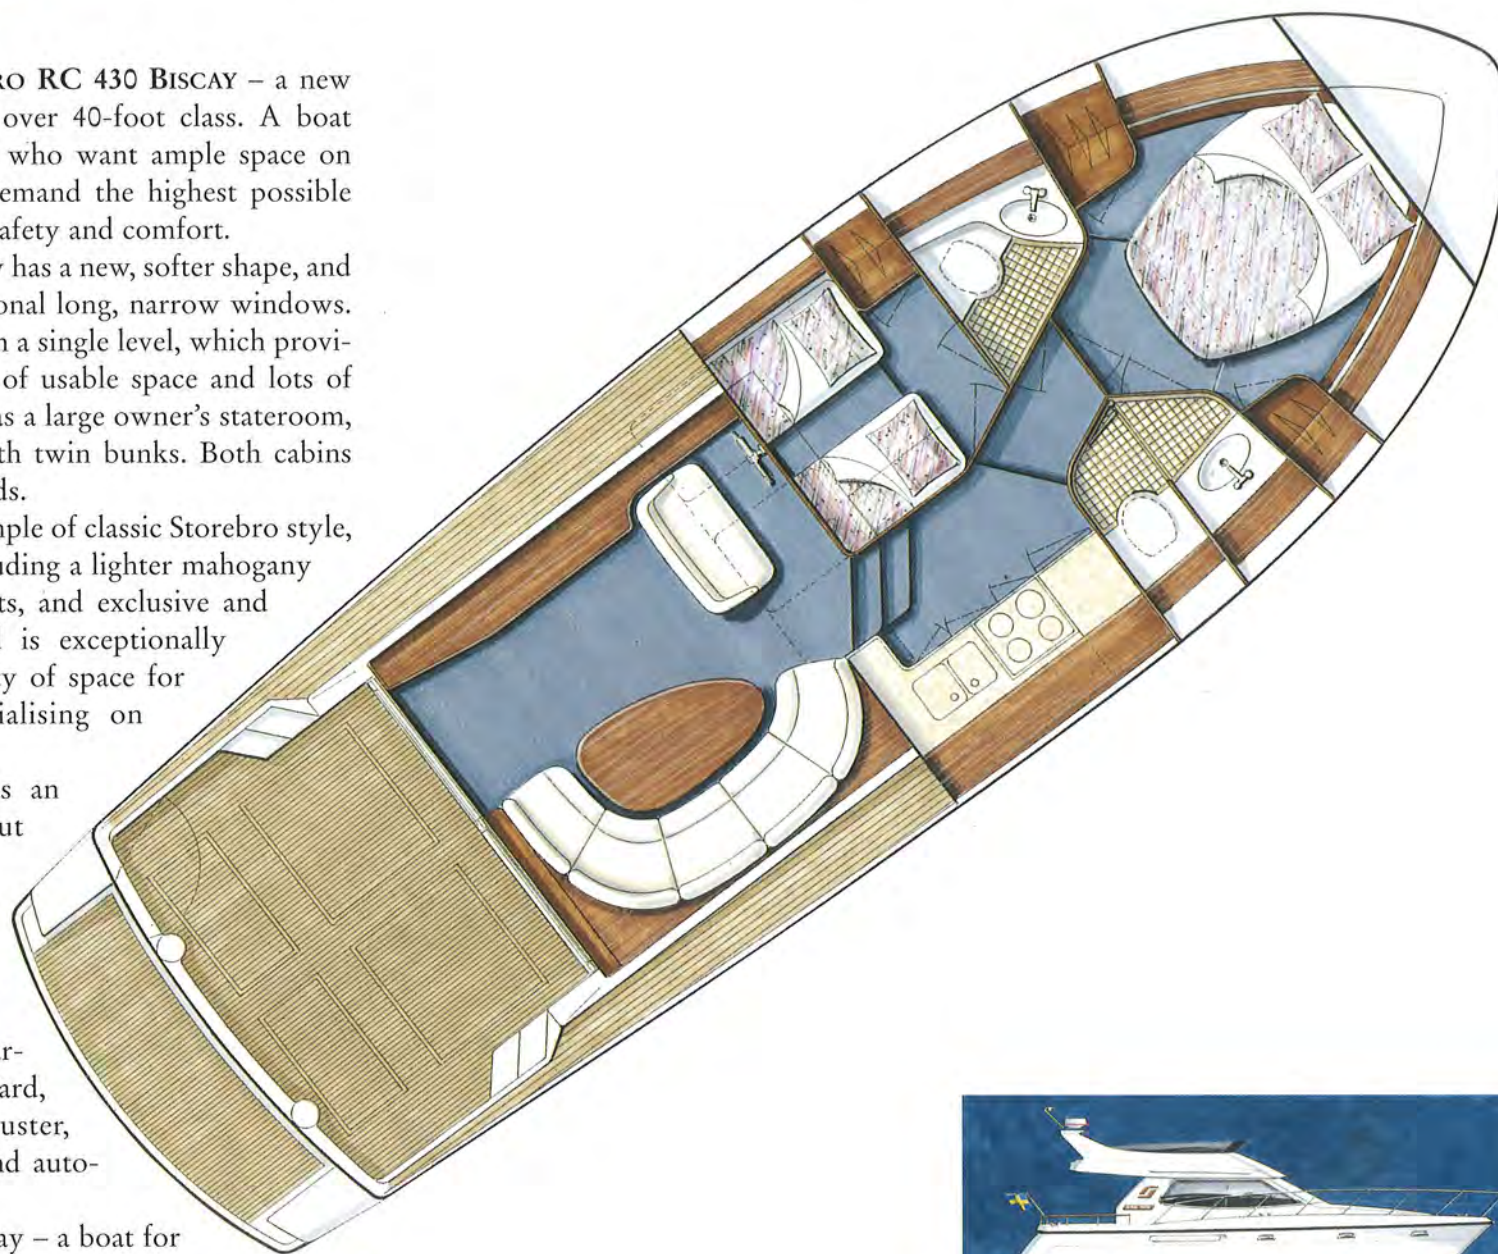

The SRC 430 Biscay has a new, softer shape, and portlights instead of the traditional long, narrow windows. The saloon and after deck are on a single level, which provides a design with a great deal of usable space and lots of room on board. Forward she has a large owner's stateroom, and midships a guest cabin with twin bunks. Both cabins have their own shower and heads.

The new interior is an example of classic Storebro style, with velvet-smooth wood, including a lighter mahogany than in previous Storebro boats, and exclusive and tasteful textiles. The standard is exceptionally high, and the boat offers plenty of space for hospitality and pleasant socialising on board.

The SRC 430 Biscay, has an extra-large flying bridge, but thanks to a totally new design, the impression is sleek and flowing. The boat is also fitted with a radar arch in place of the typical "gull-wing" mast.

The Storebro RC 430 is particularly well-equipped as standard, including generator, bow-thruster, electric anchor winch, VHF and auto-pilot.

The Storebro RC 430 Biscay – a boat for those who demand the very best.

STOREBRO RC 430 *Biscay*

L.o.a.	13.11 m
